

This document is a partial list of items replaced or worked performed over the past half-dozen or so years by the previous owner and myself. It in no way captures all of the work done to this car. Records for the past 20 years are kept in a binder. This list is not precise in chronology.

1. Ronal Kleeblatt wheels and new tires (These wheels were reconditioned before installation, includes new spare tire on stock steel wheel).
2. Weber 38/38 downdraft carb, electric fuel pump. Jetting is recorded in the records binder, chokes have been removed.
3. Interior replaced with Recaro E21 front seats and matching reupholstered rear seat. New door cards manufactured, used tan rear panels sourced. (The black door cards and rear panels, E21 rear seat frame/padding, leather recovered spare dash assy come with the car).
4. Alpine AM/FM Bluetooth/CD with removable face for those who care about such things.
5. Rebuilt steering box
6. Top End Performance Front and Rear suspension braces (Installed by TEP, in their shop, battery relocated to trunk with marine type disconnect SW).
7. E21 Sport steering wheel
8. Coco floor mats
9. Rear bearings and seals (both sides)
10. Front bearings and seals (both sides)
11. Rebuilt half-shafts and CV joints
12. 60 AMP internally regulated alternator
13. New brakes, rotors & pads
14. 5speed conversion (done by Top End Performance)
15. Red Coil, high tension wires and Pertronix distributor conversion
16. Repainted body with acrylic enamel special color match.
17. Suspension technologies front sway bar
18. Oil separator for crankcase breathing
19. Ireland Engineering exhaust
20. Numerous light lenses (new round tail lights, for example)

Detailed descriptions of the above items exist in the records binder for the car.
