## Safari - Save webpages in the PDF format

Safari gives you the ability to save web pages in the PDF format. You don't require any additional software. A useful feature allowing you to save your important email (invoices, confirmations,...etc) and favorite webpages.

Instructions:

- *Launch Safari.*
- Open the webpage of your choice.
- Open the Print menu (Command + P).
- Click on the *PDF button > Save as PDF.*
- Choose the filename and destination for your new PDF file.
- Click on *Save.*
